Teacher app	15

IMPORTANT NOTE: Capita SIMS has made this document available in Microsoft® Word format to enable you to edit the information supplied herein. Capita SIMS cannot be held responsible for any changes, errors or omissions resulting from the subsequent editing of this supplied document.

Welcome to the SIMS 2017 Summer Release

Please read these notes carefully before installing or upgrading your software. Do not attempt any installation or upgrade without first making a fully restorable backup of your SIMS system. For instructions on how to do this, please go to the SIMS backup section of our website (<http://www.capita-sims.co.uk/backupsims>).

We publish highlights of the changes and benefits of each release on our blog (<http://www.capita-sims.co.uk/resources/blog>). The blog is available shortly after the release date.

Capita SIMS has made this release note available in PDF and Word formats. To take full advantage of the functionality available in this release note (e.g. links to handbooks and video tutorials), you must use the PDF version. Capita SIMS cannot be held responsible for any changes, errors or omissions resulting from subsequent editing of the supplied document.

Important Information – please read before upgrading

If you are performing a SIMS upgrade spanning more than one release, it is essential that you read the release note associated with each version.

Important Information for Schools in England

At the time this release note was produced, we had not yet received the validation and summary report files from the DfE for School Census Autumn 2017. Recent experience suggests that the DfE will not provide these files before the SIMS 2017 Summer Release is made available so we have provided text in the Census application that explains the position and makes it clear that schools should not provide their Return file to the DfE until they have imported a fileset that includes the DfE validation and summary report files.

Upgrading using SOLUS

The SIMS Online Update Service (SOLUS) enables you to download and run SIMS releases and patches via the Internet. This is achieved using **SOLUS3**.

For instructions on carrying out an upgrade with **SOLUS3**, please refer to the *SOLUS3 for Schools* or the *SOLUS3 for Local Authorities* handbook.

Support for SQL Server

SIMS, FMS, Discover, SLG, Partnership Xchange, SOLUS and InTouch run on SQL Server 2012, SQL Server 2014 and SQL Server 2016. If you are running these products on SQL Server 2016, you are strongly advised to run SQL Server 2016 in 2012 compatibility mode. It is our intention to resolve any compatibility issues as part of the SIMS 2017 Autumn Release. For more information on support for SQL Server and Windows environments, please refer to the *SIMS Technical Roadmap* on My Account (<https://myaccount.capita-cs.co.uk>).

B2B

If you use B2B, and you want the SQL Server service to be configured to run as a Domain account instead of the built-in LocalSystem account on Windows 2008 R2 or Windows 2012 Server, a separate patch can be run to enable this functionality. This patch is available from your Local Support Unit (Patch 20419) and it must be applied to your SIMS database by a user with System Administrator permissions.

SQL 2014 and SQL 2016 Migration

We support SIMS, FMS, Discover, SLG, Partnership Xchange, SOLUS and InTouch on SQL 2014 and SQL 2016. If you are running these products on SQL Server 2016, you are strongly advised to run SQL Server 2016 in 2012 compatibility mode. It is our intention to resolve any compatibility issues as part of the SIMS 2017 Autumn Release.

To facilitate server migration, SQL Migration Tools are available for both platforms.

Please note:

- You must be running the SIMS 2014 Autumn Release or later before running the SQL 2014 Migration Tool.
- You must be running the SIMS 2017 Spring Release or later before running the SQL 2016 Migration Tool.

The Migration Tools assist with the migration of the SQL databases for SIMS, FMS and Discover.

- The SQL 2014 Migration Tool enables you to install a SQL Server 2014 Express Edition Instance and migrate the SIMS, FMS and Discover databases to the new database server.

- Currently, we are unable to incorporate an installer for a SQL Server 2016 Express Edition into the SQL 2016 Migration Tool. If you intend to migrate to SQL 2016, you should download SQL Server 2016 Express Edition (<https://www.microsoft.com/en-us/sql-server/sql-server-editions-express>), install this onto your new database server and create a new Instance. Once installed, you should use the SQL 2016 Migration Tool to migrate the SIMS, FMS and Discover databases to the new database server.

Before migration, you are **strongly** advised to read the appropriate mini guide:

- *Migrating SIMS, FMS and Discover to SQL 2014* mini guide; or
- *Migrating SIMS, FMS and Discover to SQL 2016* mini guide.

These mini guides will be available from My Account (<https://myaccount.capita-cs.co.uk>) on product release. They are also included as part of the Migration Tools.

For information on obtaining the Migration Tools, please contact your Local Support Team.

If you use both SIMS and FMS, both systems **must** be running on the same version of SQL Server, i.e. SQL Server 2012, SQL Server 2014 or SQL Server 2016.

For more information on support for SQL Server, please refer to the *SIMS Technical Roadmap*, which is available from My Account (<https://myaccount.capita-cs.co.uk>).

Windows 10

As discussed in the SIMS Technical Roadmap, SIMS, FMS and Discover are supported on Windows 10 from the Spring 2016 Release onwards.

For more information, please refer to the *SIMS Technical Roadmap* on My Account (<https://myaccount.capita-cs.co.uk>).

General

If your school uses both Fees Billing and FMS, then SIMS and FMS **must** be upgraded at the same time.

Important Information for Windows 8 and Windows Server 2012 Users

If you are running SIMS on a Windows 8 or Windows Server 2012 workstation, you may encounter difficulties when attempting to open PDF files in SIMS. This is caused by Windows Reader being the default program used to open PDF files.

To resolve this issue, you **must** first ensure that Adobe Reader 10 or later is installed.

Next, you will need to associate Adobe Reader with all PDF files. From the Taskbar, click **File Explorer**, click **Computer** in the panel on the left-hand side of the page then from the Menu Bar, select **Computer | Open Control Panel**. Click **Programs | Default Programs | Associate a file type or protocol with a program**. In the **Extensions** list, scroll down to and click the **.pdf** item then click the **Change program** button. Click **Adobe Reader** then click the **Close** button.

Backing up SIMS and FMS

Where SIMS Personnel is used to generate Salary Projections in FMS, SIMS and FMS backups should be carried out at the same time. If one of the databases needs to be restored, the other database must be restored to the same point, i.e. if you restore the SIMS database, you must restore the FMS database to the same point and vice versa.

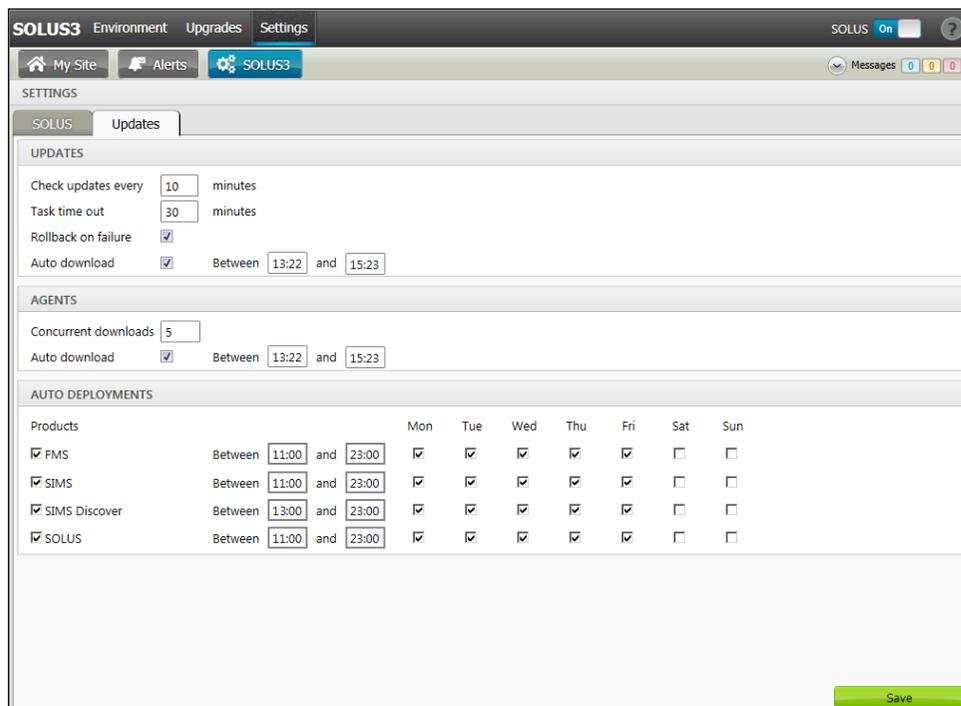

IMPORTANT NOTE: Backups are no longer zipped, because of the number of issues caused by zipping backup files. Recent operating systems now allow the use of compressed folders, which are recommended for automatically compressing backups. Please refer to your operating system documentation for instructions on applying compression to a folder.

Important Information Regarding the Upgrade of SIMS and Discover

IMPORTANT NOTE: You must upgrade to the SIMS 2017 Summer Release **before** upgrading Discover. If you upgrade Discover before upgrading SIMS, data will not be transferred between the SIMS and Discover databases until SIMS has been upgraded.

Auto-Deployment of SIMS and Discover

If SOLUS3 auto-deployment is enabled for Discover, we recommend that the settings for Discover auto-deployment are set to start later than the SIMS auto-deployment start time plus the timeout.

If the times are not set like this, and the Discover deployment starts before the SIMS deployment, then the data transfer between SIMS and Discover will not work until the SIMS upgrade is completed.

Important Information Regarding SIMS Documentation

The SIMS [Documentation Centre](#) is accessed by clicking the [Documentation](#) button on the SIMS [Home Page](#). The principal benefit of the SIMS [Documentation Centre](#) is that resources for SIMS, FMS and Discover can all be accessed from a central repository.

It is possible to search for user documentation by output type (handbook, tutorial, QRS, etc.) and then by functional area. It is also possible to search by role (e.g. Teacher, Administrator, Returns Manager, etc.).

A range of Frequently Asked Questions guides has been produced and can be accessed from the [FAQs](#) menu. The [Troubleshooting](#) section enables you to investigate any issues you may have when accessing the resources available.

IMPORTANT NOTE: You might encounter issues when attempting to open any New Feature videos or Tutorials whereby you are asked to install the required version of Flash Player and/or an on-screen dialog suggests that Online Help content cannot be displayed. For more information, please click the following link (<http://helpx.adobe.com/acrobat/kb/known-issues-acrobat-xi-reader.html>).

These issues can be resolved by downloading the latest version of Flash Player (<https://helpx.adobe.com/flash-player.html>).

A search facility is available in the SIMS, FMS and Discover Documentation Centres. This enables you to locate information across the Documentation Centres or within individual resources (handbooks, release notes, FAQs, etc.). The search facility operates in a similar way to a Google search. To perform a search, enter one or more keywords in the search field (located at the top right-hand side of the Menu Bar) then click the [Search](#) (magnifying glass) button. You can use ***** and **?** as wildcards. To search for an exact phrase, enclose more than one word in double quotes, e.g. **"debit card"**.

We would welcome any feedback you have on the SIMS [Documentation Centre](#). If you have any comments, please email the SIMS Publications team (publications@capita.co.uk).

IMPORTANT NOTE: If you are running SIMS on a Windows 8 or Windows Server 2012 workstation, you may encounter difficulties when you first log into SIMS after a SIMS upgrade because the What's New page is displayed automatically and cannot be closed easily. This is caused by Windows Reader being the default program used to open PDF files.

To resolve this issue, you must first ensure that Adobe Reader 10 or later is installed.

Next, you will need to associate Adobe Reader with all PDF files. From the Taskbar, click [File Explorer](#), click [Computer](#) in the panel on the left-hand side of the page then from the Menu Bar, select [Computer | Open Control Panel](#). Click [Programs | Default Programs | Associate a file type or protocol with a program](#). In the [Extensions](#) list, scroll down to and click the [.pdf](#) item then click the [Change program](#) button. Click [Adobe Reader](#) then click the [Close](#) button.

If you require assistance with this or any other issue you encounter when attempting to access user documentation, please contact the SIMS Publications team (publications@capita.co.uk).

User documentation that is accessible via the SIMS [Documentation Centre](#) (by clicking the [Documentation](#) button on the SIMS [Home Page](#)) is hosted on the web. This approach to delivering user documentation offers you the following benefits:

- A reduction in the download time of a SIMS release from SOLUS

- We can provide user documentation post-release, so you will always have access to the most up-to-date, accurate information.

As a result, documentation provided in PDF format is no longer deployed to the **\SIMS\Documentation** folder on your SIMS Server (with the exception of the What's New page, the main **Documentation Centre** navigation page and the Getting Started guide, which must continue to be delivered to this folder).

NOTE: If you wish to access the latest user documentation for the SIMS 2017 Summer Release without logging into SIMS, the **Documentation Centre** is accessible using a web link (<http://simspublications.com/760770/index.html>).

Help files are delivered to the **\Program Files\SIMS\SIMS .net** folder on each SIMS workstation.

IMPORTANT NOTE: If Google Chrome is your default web browser, please ensure you disable the Chrome PDF Viewer and enable the Adobe Acrobat plug-in to ensure that PDFs display correctly. This can be achieved by entering **chrome://plugins** in the Address Bar then pressing **Enter**.

If you experience a problem when attempting to open a page in the Documentation Centre, please contact your System Administrator who can enable access to www.simspublications.com.

If you require assistance with this or any other issue you encounter when attempting to access user documentation, please contact the SIMS Publications team (publications@capita.co.uk).

2016 saw the introduction of SIMS Documentation Centres and What's New pages for specific school phases, so that user documentation relevant only to your school phase is provided. When you click the **Documentation** button on the **SIMS Home Page**, SIMS interrogates the SIMS SQL database and displays the Documentation Centre relevant to your school phase. When a user logs into SIMS for the first time following an upgrade, a What's New page relevant to your school phase is provided.

Enhancements to the content of the SIMS Documentation Centres included the addition of the **Additional resources** section, which provides links to resources that were previously available only from My Account, namely the Technical Roadmap, the Product Roadmap and the Minimum Hardware Specification. It is now possible to navigate directly to a specific Frequently Asked Question (**FAQ**) page from the Documentation Centre landing page and the **Home** drop-down list enables you to navigate to a **Role** page. It is also possible to navigate to other (satellite) Documentation Centres and Help Centres by selecting from the **Other Products** drop-down list. A link to relevant blogs is also provided.

We would welcome any feedback you have on the school phase-specific SIMS Documentation Centres and What's New pages. If you have any comments, please email the SIMS Publications team (publications@capita.co.uk).

Update of the SIMS Documentation Centre in line with the SIMS Software

Some customers have informed us that the SIMS **Documentation Centre** is not being updated in line with the SIMS software; clicking the **Documentation** button on the **SIMS Home Page** following an upgrade displays content from the previous release.

If you encounter this issue, then the part of the SIMS upgrade that deals with the update of the SIMS **Documentation Centre** (**SIMSApplicationSetup.exe**) has failed.

This is caused by the incorrect configuration of the SIMS File Server settings in SOLUS3; it is likely that the File Server has been pointed to the network SIMS drive rather than the local SIMS drive. To resolve this issue, please complete the following steps.

1. In SOLUS3, navigate to **Environment | Targets - Services** tab.
2. Highlight the **SIMS File Server** service and then click the **Edit** button.
3. Ensure that the **Server name** is the name of the server that hosts the mapped SIMS drive.
4. Change the **Installation path** to the true name of the mapped drive (e.g. **D:\Admin Data\SIMS**) - do not use a mapped drive letter.
5. After correcting the **Installation path** setting, re-deploy the upgrade (via **Upgrades | Deployment History | <select the update> - Redeploy** button), choosing only the **SIMS File Server** from the list of available **TARGETS**, and then run the upgrade manually.

Where to Find More Information?

Via SIMS...

For the software handbook, navigate to the **SIMS Home Page**, click the **Documentation** button to display the **Documentation Centre**, click the **Handbooks** button then click the required handbook title.

Via My Account...

Documentation is also available from the My Account website (<https://myaccount.capita-cs.co.uk>).

1. Enter the required text in the **Search** field to display a list of documents that match the search criteria.

- To refine the search further, click **Documents** and then select the required **Document type, File type** and/or **Date** range (click **Show more** to view additional options, if required).

Alternatively, click **SIMS Publications** (located in the **Popular Searches** list) to display a list of all SIMS publications.

The search results are displayed automatically.

Tips for using the My Account Search Facility

Here are some key tips for using the search facility in My Account. For additional explanations, please refer to the My Account website.

- The search results can be refined further by using the advanced filters, e.g. **Sort by relevance** or **Sort by last modified**.
- The following rules can be applied to your search terms:
 - Surround a word or phrase with "double quotes" to return results containing that exact phrase.
 - Prefix a word or phrases with **+** to make them essential.

For example: **"end of year procedures" +primary +detailed**

If you are unable to obtain the required handbook using any of these methods, please email us (publications@capita.co.uk) and we will be pleased to email a copy to you.

Permissions

The permissions spreadsheet, which lists all permissions relating to SIMS 7.176, is available from the **Documentation Centre**. To access the SIMS **Documentation Centre**, click the **Documentation** button on the SIMS **Home Page**.

In My Account, select **Knowledge Base, SIMS Publications** (located in the **Popular Searches** list), enter **7.176 SIMS Permissions Spreadsheet** in the **Search for** field then click the **Find** button. Alternatively, use the search facility on the Home Page to display a list of all **Documents** containing the search criteria.

Compatibility between One and SIMS

As part of the SIMS 2017 Summer Release, we have undertaken full integration testing of both B2B:Student and B2B:Personnel. The following two tables show the version(s) of One and SIMS that have also been through a process of integration testing for each of the B2B products.

B2B:Student

		One Release Version	
		One Spring 2017 Release (3.62)	One Summer 2017 Release (3.63)
SIMS Release Version	SIMS 2017 Spring Release (SIMS 7.174) Running B2B:Student v4 Phase 1	x	x
	SIMS 2017 Spring Release (SIMS 7.174) Running B2B:Student v4 Phase 2	✓	✓
	SIMS 2017 Summer Release (SIMS 7.176) Running B2B:Student v4 Phase 1	x	x
	SIMS 2017 Summer Release (SIMS 7.176) Running B2B:Student v4 Phase 2	✓	✓

There are various elements of functionality in One and SIMS that require compatibility between the two solutions. The following table provides information on the version(s) of schemas that are supported in release versions of One and SIMS, and therefore indicate version and release compatibility.

B2B:Personnel

		One Release version	
		One Spring 2017 Release (3.62)	One Summer 2017 Release (3.63)
SIMS Release Version	SIMS 2017 Spring Release (SIMS 7.174) without the Salary Range patch	✓	✓
	SIMS 2017 Spring Release (SIMS 7.174) with the Salary Range patch	✓	✓
	SIMS 2017 Summer Release (SIMS 7.176) without the Salary Range patch	✓	✓
	SIMS 2017 Summer Release (SIMS 7.176) with the Salary Range patch	✓	✓

		One Release version	
		3.62 (Spring 2017)	3.63 (Summer 2017)
SIMS Component	B2B:Student	v1.1	v1.1
	B2B:Personnel	v1.1	v1.1
	ATF	v13.0	v13.0
	CTF	v15 (for import) v16 (for import/export)	v16 (for import) v17 (for import/export)
	School Census	SC 2016/2017	SC 2017/2018
	PLASC	PLASC 2017	PLASC 2017
	ASL	v13.0 until 31/07/2017 (for import)	v13.0 until 31/07/2017 v14.0 from 01/08/2017 (for import)
	AMPARK	SIMS 7.174	SIMS 7.174

		One Release version	
		3.62 (Spring 2017)	3.63 (Summer 2017)
ADT		v13.0 until 31/07/2017	v13.0 until 31/07/2017 v14.0 from 01/08/2017

Version Support for FMS

The FMS support arrangements depend on the supported versions of SIMS where Personnel Links is being used. Support for FMS is detailed in the following table.

Release	SIMS Version	FMS Version	FMS with Personnel Links/Equipment Register	FMS without Personnel Links/Equipment Register
Summer 2017	7.176	6.176	Supported	Supported
Spring 2017	7.174	6.174	Supported	Supported

NOTE: FMS 6.176 has been tested against SQL Server 2012, 2014 and 2016.

SLG Compatibility

SLG is guaranteed to support the previous two releases of SIMS, inclusive of any release with which it is shipped.

Supported SIMS Versions with SLG Summer Release

The SIMS Learning Gateway Summer Release can be used alongside the following versions of SIMS:

- SIMS 2017 Summer Release (SIMS 7.176)
- SIMS 2017 Spring Release (SIMS 7.174).

IMPORTANT NOTE: If you install the SIMS 2017 Summer Release (SIMS 7.176) and continue to run an older release of SLG, this is not guaranteed to work and is therefore not supported.

Supported SIMS Versions with PX Summer Release

The SIMS PX Agent should be upgraded to the PX 2017 Summer Release immediately after, or in conjunction with, upgrading to the SIMS 2017 Summer Release.

IMPORTANT NOTE: If you install the SIMS 2017 Summer Release (SIMS 7.176) and continue to run an older release of the PX Agent, this is not guaranteed to work and is therefore not supported.

Admissions

New Features

ADT and ASL Version Updates

Applicable to schools in England only

Routines | Admission | Import ADT File
Routines | Admission | Export ASL File

Schools that are their own Admission Authority now import versions 13.0 and 14.0 of the ADT files. Previous versions are no longer imported.

Schools that are their own Admission Authority now export a version 14.0 ASL file.

Agora

SIMS Agora does not form part of the SIMS 2017 Summer Release.

For information on the latest release of Agora, please refer to the Agora release note, which is available from the My Account website (<https://myaccount.capita-cs.co.uk>).

AMPARK

New Features

Enhancements for the SIMS 2017 Summer Release

The Assessment Manager and Performance Analysis Resource Kit (AMPARK) provides a set of resources for use with SIMS Assessment. This kit has been updated for the SIMS 2017 Summer Release.

For more information, please refer to the *Assessment Manager and Performance Analysis Resource Kit* release note, available from the My Account website (<https://myaccount.capita-cs.co.uk>).

Fixes

This release includes a fix in the following area:

- The **Country of Birth** tag is now imported correctly in a pre-admission group CTF (via [Routines | Data In | CTF | Import CTF](#)).

Assessment

New Features

Provision of the User Defined Field Tag in Individual Reports

[Focus | Assessment | Individual Report](#)

A **User Defined Field** tag can now be inserted into Assessment individual reports. User Defined Fields (UDFs) can be used to record content that contains Unicode characters, making this feature particularly useful if you want to report on content recorded in languages such as Spanish, Arabic, etc.

Provision of Early Years Foundation Stage Resources in Programme of Study

Applicable to schools in England only

The EYFS Development Matters statements are now available for use in Programme of Study from the **PoS EYFS Aspects.xml**. Schools can now record achievement for pupils in years N1, N2, E1, E2 and Reception, all within the same framework.

This information can be viewed in reports for the Early Years year groups and individual reports. Schools can also create school-specific resources, enabling them to augment and complement existing DfE expectations, subjects, strands and statements.

Fixes

This release includes a fix in the following area:

- When printing a completed marksheet, the orientation of the report output defaults to **Portrait** in the **Print Options** dialog to ensure that the data is displayed correctly (via [Focus | Assessment | Marksheet Entry](#)).

Attendance

Fixes

This release includes fixes in the following areas:

- The **Interventions** student identification column is no longer selected by default (via [Tools | Setups | Attendance Setup | Module Setup](#)). The Interventions column can still be displayed in many areas of Attendance by right-clicking a column heading, then selecting from the drop-down list.
- For schools in Northern Ireland, the Group Analysis by Star Field report now displays **Newcomer** data correctly (via [Reports | Attendance | Group Reports](#)).

Cover

Fixes

This release includes fixes in the following areas:

- When publishing cover arrangements to HTML from the Cover Diary, the year date is now displayed correctly (via [Focus | School | Arrange Cover](#)).
- The **Conflict Resolution** dialog is now displayed correctly, even if **No Cover Recovered** is applied via Suspension Rules (via [Focus | School | Arrange Cover](#)).

CTF

New Features

Update of CTF Version Number

[Routines | Data In | CTF | Import CTF](#)

Before 1 August 2017, CTF version 15.0 or 16.0 can be used for the import of CTF.

From 1 August 2017 onwards, CTF version 16.0 or 17.0 can be used for the import of CTF.

[Routines](#) | [Data Out](#) | [CTF](#) | [Export CTF](#)

Before 1 August 2017, CTF version 16.0 is used for the export of CTF.

From 1 August 2017 onwards, CTF version 17.0 will be used for the export of CTF.

Addition of Partial CTFs for Children Missing in Education

Applicable to schools in England only

[Routines](#) | [Data Out](#) | [CTF](#) | [Export CTF](#)

CML and CMJ files are now available as specific files for CTF 17 and will be enabled on 1 August 2017. They help to maintain an accurate record with the Local Authority to comply with the Children Missing in Education legislation.

- **CME - Leavers** - creates a CML file that should be sent to the school's Local Authority when a pupil/student leaves the school outside of what the Local Authority considers to be a normal phase transfer.
- **CME - Joiners** - creates a CMJ file that should be sent to the school's Local Authority when a pupil/student joins the school outside of what the Local Authority considers to be a normal phase transfer.

Local Authorities can also request that CML and CMJ files be sent to them for pupil/students moving as part of a normal phase transfer.

Additional Tags Included in a CTF

[Routines](#) | [Data In](#) | [CTF](#) | [Import CTF](#)

[Routines](#) | [Data Out](#) | [CTF](#) | [Export CTF](#)

For schools in England, the **Service Child in Education** tag (<ServiceChild>) is now included in a CTF import and export file.

The following tags are now included in a CTF import and export file:

- **SEN Need Start Date** (<NeedStartDate>)
- **SEN Need End Date** (<NeedEndDate>)

- **SEN Provision End Date** (<EndDate>).

Fixes

This release includes a fix in the following area:

- The **Country of Birth** tag is now imported correctly in a pre-admission group CTF (via [Routines](#) | [Data In](#) | [CTF](#) | [Import CTF](#)).

DENI

New Features

Key Dates for DENI 2017

[Routines](#) | [Statutory Returns](#) | [DENI](#)

Main Return: 06/10/2017

NOTE: Leavers should be included in the Main return only if they left between 07/10/2016 and 05/10/2017.

Leavers Return: 03/11/2017

NOTE: Leavers should be included in the Leavers return only if they left between 07/10/2016 and 05/10/2017.

New Validation Rules

Code	Error Message
1138	The street in an address cannot be blank
1139	At least one of the Apartment, House Name and House No fields of an address must contain data.
1140	A pupil in Year 5 should have KS1 assessments for Maths, Irish or English and ICT.
1141	A pupil in Year 8 should have KS2 assessments for Maths, Irish or English and ICT.
1142	A pupil in Year 11 should have KS3 assessments for Maths, Irish or English and ICT.
1143	A pupil must have at least one address.

Code	Error Message
1144	A pupil must have an EOTAS Referral reason.
1145	The SEN provision type of "Time in Special Unit" is no longer valid and should be given an end date prior to the census date.
1146	A dual registered pupil should have a Referral reason.

Reason for Dual Registration

Applicable to Dual-Registered pupils only

*Focus | Pupil | Pupil Details
Reports | Design Report*

A new field (**Reason for Dual Registration**) has been added to the bottom left-hand side of the **Registration** panel to enable the reason for the referral to another type of education to be recorded. The following options can be selected from the drop-down list:

- **SEN**
- **SEN and EOTAS**
- **EOTAS.**

When creating a report, it is now possible to include **Reason for Dual Registration** in the selection of data items.

Scorepoints Column Added to the Main Return Detail Report

Applicable to Post-Primary schools, Special schools and EOTAS only

The **Scorepoint** column has been added to the Main Return Detail report.

Time in Learning Support Unit

Applicable to Dual-Registered pupils in Special schools and EOTAS only

*Focus | Pupil | Pupil Details
Reports | Design Report*

Five new values have been added to the **SEN Provision Type** lookup table. These are available from the **Provision Type** drop-down list when recording provisions.

- **Time in Learning Support Centre – Learning Support**
- **Time in Learning Support Centre – Autism Specific**
- **Time in Learning Support Centre – Partial Hearing**
- **Time in Learning Support Centre – Physical Disability**
- **Time in Learning Support Centre – Speech and Language.**

Changes have been made to the Main Detail and Main Summary reports to include these new values.

DENI Main Return for EOTAS

Applicable to EOTAS only

*Routines | Statutory Returns | DENI | Prepare DENI Return
Routines | Statutory Returns | DENI | Create DENI Return
Routines | Statutory Returns | DENI | View DENI Log
Routines | Statutory Returns | DENI | Change Holding Drive*

The functionality that enables Education Other than at School (EOTAS) to complete the DENI Main Return (containing school and pupil level data) has been added.

Reason for EOTAS Referral

Applicable to EOTAS only

Focus | Pupil | Pupil Details

A new field ([Reason for EOTAS Referral](#)) has been added to the bottom left-hand side of the [Registration](#) panel to enable the reason for the referral to the EOTAS to be recorded. The following options can be selected from the drop-down list:

- [Mental Health](#)
- [Physical](#)
- [SEBD \(Social, Emotional and Behavioural Difficulties Association\)](#)
- [Other.](#)

Discover

Fixes

This release includes a fix in the following area:

- After creating a Discover Dynamic Group that has a special character in the group name, e.g. Less than > 99%, automatic message alerts are now received correctly when the group population changes.

FMS

For information on the new features, enhancements and fixes included in FMS 6.176, please refer to the [FMS 6.176 Release Note](#).

InTouch

New Features

Transition to New SMS Supplier

[Tools](#) | [InTouch](#) | [Module Setup](#)

As part of our continued commitment to enhancing our InTouch service, we have been undergoing a project to review customer change requests to help prioritise future projects.

We are pleased to announce that we will be moving InTouch SMS messaging to PageOne.

The [SMS Provider](#) drop-down list has been added to the [SMS Messaging](#) panel on the [InTouch Module Setup](#) page, enabling you to select your SMS provider.

Please note that this option should be changed only on the advice of Capita SIMS.

Personnel

New Features

Update to the Staff Checks Lookup

[Tools](#) | [Lookups](#) | [Maintain](#)
[Focus](#) | [Person](#) | [Staff](#)

The values in the [Check](#) lookup have been updated to assist with your inspection reports.

These updated values facilitate the recording of staff checks in the [Check](#) table on the [Employment Details](#) tab of the [Employee Details](#) page.

Fixes

This release includes a fix in the following area:

- The [OK](#) button is now enabled on the [Add New Employment History](#) dialog when recording an [Employment Start Date](#) for a returning member of staff using the Calendar (via [Focus](#) | [Person](#) | [Staff](#)).

Reporting

New Features

Report Dictionary Changes

[Reports](#) | [Design Report - Student](#) | [Additional Information](#)

Three new columns have been added to the report dictionary:

- Extended Funded Hours
- 30 Hour Code
- Disability Access Fund Indicator.

Fixes

This release includes fixes in the following areas:

- Staff with Administration Assistant permissions now have access to the SIMS School Report (via [Reports](#) | [School Report](#)).
- When [House](#) is included as one of the report data items, the report no longer displays duplicate rows for accepted applicants (via [Reports](#) | [Design Report](#)).

- Three SEN predefined reports (Current Provisions (Dated), EHCP Information and Event History (Dated)) now display **CES Reporting Services** as the supplier ID (via [Reports | Run Report](#)).
- It is now possible to run Behaviour and Achievement reports that include period, subject and class data as scheduled reports (via [Reports | Design Report](#)).
- Free school meal details for leavers are now included in the DfE FSM Ever 6 @ Spring Census 2016 v2_0 report (via [Reports | Run Report – Focus | Student](#)).

School Census Autumn 2017 Return

New Features

Key Dates for the School Census Autumn 2017 Return

Census day: 05/10/2017

Attendance data collected from 17/04/2017 to 31/07/2017

Exclusions data collected from 01/01/2017 to 16/04/2017

FSM (Free School Meal) data collected from 19/05/2017 to 05/10/2017

Learning Aims collected from 01/08/2016 to 05/10/2017.

Changes to Early Years

Applicable to schools with Early Years children only

[Tools | Statutory Return Tools | Update Early Years Routines | Statutory Returns | School Census](#)

- **Disability Access Fund**
This new option provides the ability to record whether three- and four-year-old pupils are in receipt of the **Disability Access Fund**.
- **30 Hour Code**

This new option provides the ability to record the 11 digit **30 Hour Code** for three and four-year-old pupils.

- **Extended Funded Hours**

This new option provides the ability to record the number of **Extended Funded Hours** that are in addition to the initial funded hours that the child receives.

- **Hours and Minutes Format**

Values for Funded Hours, Hours at Setting and Extended Funded Hours can now be entered in hours and minutes using two decimal places, e.g. 1 hour 15 minutes should be entered as 1.25.

NOTE: **Disability Access Fund**, **30 Hour Code** and **Extended Funded Hours** for pupils aged two at 31/08/2017 are not collected in the School Census return.

Early Years Attendance

[Tools | Setups | Attendance Setup | Early Years Provisions Setup](#)

The provision **Start Time** and **End Time** are no longer restricted to half an hour intervals.

Update Hours

[Tools | Statutory Return Tools | Update Early Years Routines | Statutory Returns | School Census](#)

Hours and minutes are now calculated to two decimal places, provided Early Years Provisions are in use.

Early Years Report

[Routines | Statutory Returns | School Census](#)

This new report displays information regarding hours at setting, funded hours, 30 hour code, extended funded hours and disabled access fund for pupils with early years data only.

On Roll Basic Details Report

[Routines | Statutory Returns | School Census](#)

This existing report no longer displays hours at setting, funded hours and proficiency in English.

Special Educational Needs

Not applicable to Special schools or PRUs

The following new items are collected for all the School Census Returns and displayed in the SEN Detail report:

- Member of SEN unit (sometimes called special class) indicator
- Member of resourced provision indicator.

Establishment Unique Reference Number

Focus | School | School Details

The school's **Unique Reference Number** (URN) is collected for the first time in the Autumn return.

School Workforce Census

New Features

Key Dates for the School Workforce Census 2017

Routines | Statutory Returns | School Workforce Census

Census date: 02/11/2017

Absence collected from 01/09/2016 to 31/08/2017

Continuous contracts collected from 01/09/2016 to 02/11/2017.

Qualification Subject Codes

*Tools | Lookups | Maintain
Focus | Person | Staff*

The Staff Qualification Subject lookup has been updated to reflect the change in the Joint Academic Coding System (JACS) codes. JACS code 2.0 has been superseded by JACS code 3.0.

The updated subjects are available for selection from the **First Subject, Qualified** and **Second Subject, Qualified** drop-down lists via the **Qualifications** table on the **Professional Details** tab.

SIMS Activities

SIMS Activities does not form part of the SIMS 2017 Summer Release.

For information on the latest release of SIMS Activities, please refer to the SIMS Activities Newsfeed notification, which is available from the My Account website (<https://myaccount.capita-cs.co.uk/Notifications/sims-activities-newsfeed-su/>).

SIMS Core

Fixes

This release includes fixes in the following areas:

- You are now prompted to save any unsaved changes on clicking the **Next** or **Previous** button in the **Find Detentions** browser (via **Focus | Behaviour Management | Maintain Detentions**).
- Missing registers are now displayed correctly in the **Missing Registers** widget on the SIMS **Home Page** when additional staff are assigned to the class (via **Focus | School | Arrange Cover**).
- For schools in England, the **Proficiency in English** field drop-down menu is now populated correctly (via **Focus | Pupil | Pupil Details**).
- Bulk imported photographs are now displayed in the correct size in a report (via **Report | Run Report**).

SIMS ID

SIMS ID enables a single login point for multiple pieces of software. It works by synchronising key user data between SIMS and SIMS ID, enabling a Single Sign On (SSO) experience for pupils, staff and parents. Accounts, groups and timetable data are synchronised between SIMS and SIMS ID, with both administrators and users accessing SIMS ID as their go to point entry for local and online services.

- **SIMS ID Light** manages users in Cloud Services such as Hosted SIMS, Office 365 and Google.
- **SIMS ID Standard** manages users in Local Services such as Active Directory, as well as Cloud Services where required.

SIMS ID does not form part of the SIMS 2017 Summer Release. For more information, please visit the SIMS ID product page on the Capita SIMS website (<http://www.capita-sims.co.uk/simsid>).

SIMS Services Manager

The SIMS 2017 Summer Release does not include an update to SIMS Services Manager and it does not provide the facility to install the product.

If SSM is not currently installed, the latest version is available from *SIMS Release Download Links and Product Information* in the **Notifications** area on My Account (<https://myaccount.capita-cs.co.uk/Notifications/SIMS-Release-Download-Links/>).

The current version ensures compatibility between SIMS and SSM, as well as products that make use of SSM.

For customers that centrally host SSM, please refer to the most recent manual SSM update, which is available from *SIMS Release Download Links and Product Information* in the **Notifications** area on My Account (<https://myaccount.capita-cs.co.uk/Notifications/SIMS-Release-Download-Links/>).

System Manager

Fixes

This release includes fixes in the following areas:

- Database Diagnostics no longer times out when a user has special characters in their name (via **Tools | System Diagnostics | Database Diagnostics**).
- To reduce database storage size, deleted SIMS Discover results files are no longer stored in the `sims.asm_result_tpa_delete` table.
- The database now reverts to the original recovery mode after running the `sims.db_p_install` procedure.
- A cloned SP Staff permission group now functions correctly (via **Focus | System Manager | Manage Groups**).

Teacher app

SIMS Teacher app Compatibility

The SIMS Teacher app is guaranteed to support the previous two releases of SIMS, inclusive of any release with which it is shipped.

The SIMS Teacher app can be used alongside the following versions of SIMS:

- SIMS 2017 Summer Release (SIMS 7.176)
- SIMS 2017 Spring Release (SIMS 7.174).

Please note that the Teacher app does not form part of the SIMS 2017 Summer Release. For information on new features and enhancements, please refer to the **What's New** section of the SIMS Teacher app **Help Centre**, which is available by clicking the **Help Centre** button in the app.
