01| Introduction

Schools have a statutory duty to report and submit EYFS Profile data for every pupil at the end of Reception.

Once all data has been entered into Arbor, you are required to produce a CTF (common transfer file) for submission to your Local Authority.

This document is a step-by-step guide on entering and submitting your EYFS Profile data to fulfil the requirements of the DfE in relation to EYFSP arrangements.

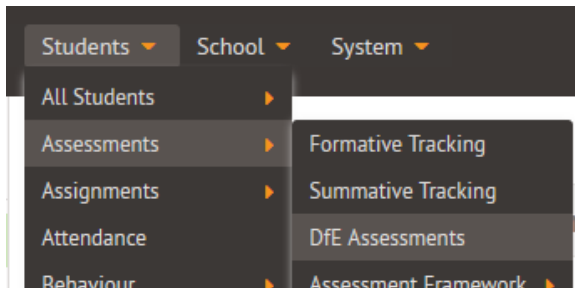

Please do not hesitate to contact the MIS team with any problems or questions.
