01 | Introduction

Schools have a statutory duty to report and submit teacher assessments data for every pupil at the end of Key Stage 1.

Once all data has been entered into Arbor, you are required to produce a CTF (common transfer file) for submission to your Local Authority.

This document is a step by step guide on entering and submitting your end of KS1 data to fulfil the requirements of the DfE in relation to Key Stage 1 arrangements.

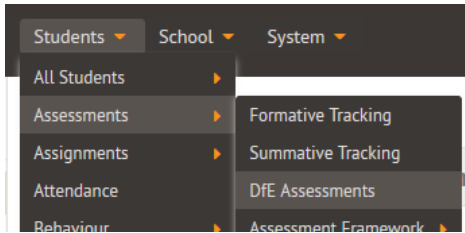

Please do not hesitate to contact the MIS team with any problems or questions.

05 | Entering Marks in Bulk

Entering marks in bulk makes it quicker and easier to complete your assessment marksheets and means you're not inputting the same mark multiple times.

1. In your marksheet, tick the students you want to enter marks for, or use the top tick box to tick all if you need to enter the same mark for everyone

2. Use the Bulk Action drop down to choose which column you'd like to update

3. Choose the grade from the drop down

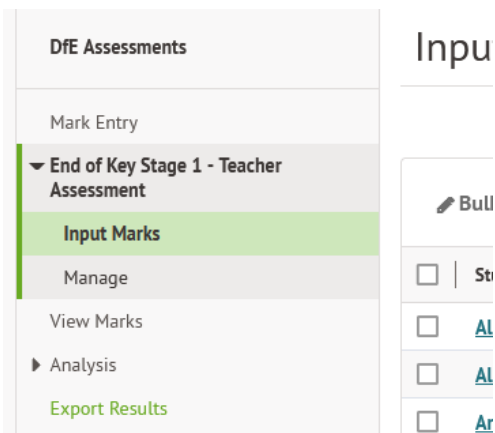

4. Ensure you check the list of pupils is correct to avoid the wrong marks being entered.
5. Click **Save Changes**
6. The grades should now be against your chosen pupils.
