01 | Introduction

Schools have a statutory duty to report and submit teacher assessments data for every pupil at the end of Key Stage 2.

Using the wizards in SIMS is the easiest way for you to prepare your data and allows schools to enter teacher assessments directly into SIMS.

Once all data has been entered into SIMS, you are required to produce a CTF (common transfer file) for submission to your Local Authority.

This document is a step by step guide on entering and submitting your end of KS2 data and fulfil the requirements of the DfE in relation to Key Stage 2 arrangements.

Please do not hesitate to contact the SIMS team with any problems or questions.
