

ONE IT
SERVICES & SOLUTIONS

reveal

Solution **overview**

Student device usage insights that inform edtech decisions and investments

Get usage insights

Know exactly how your educational apps and resources are being used

Optimize your budget

Track down licenses and apps that aren't being used to better plan your tech budget

Identify opportunities

Analyze usage data to identify teachers who may need additional tech training or PD

Access student app and website usage

Aggregate all your data into one interface

Support all devices and platforms

Integrate seamlessly with SIS

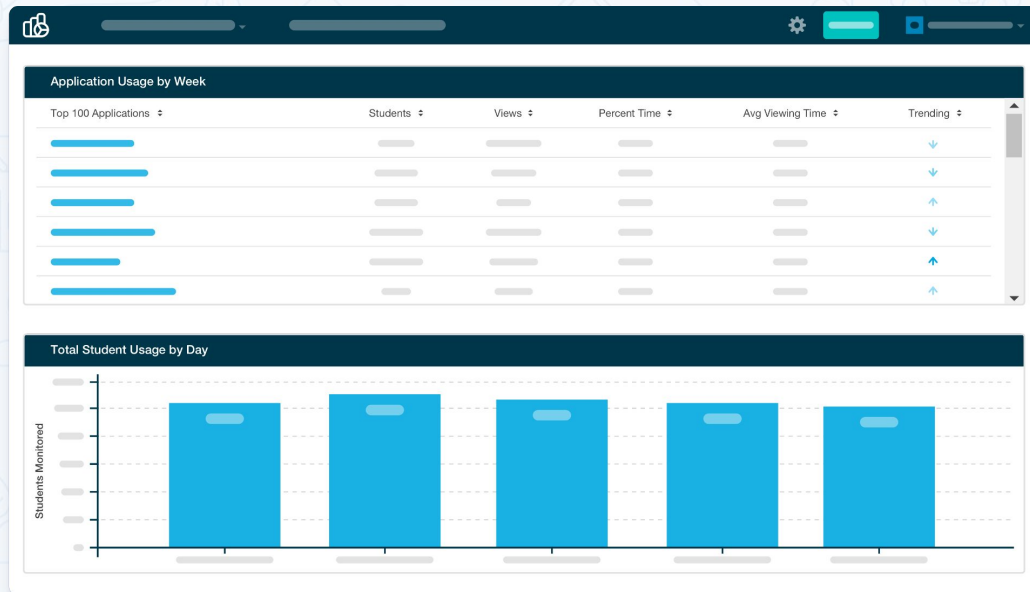

View detailed budget and usage reports

Access student app and website usage

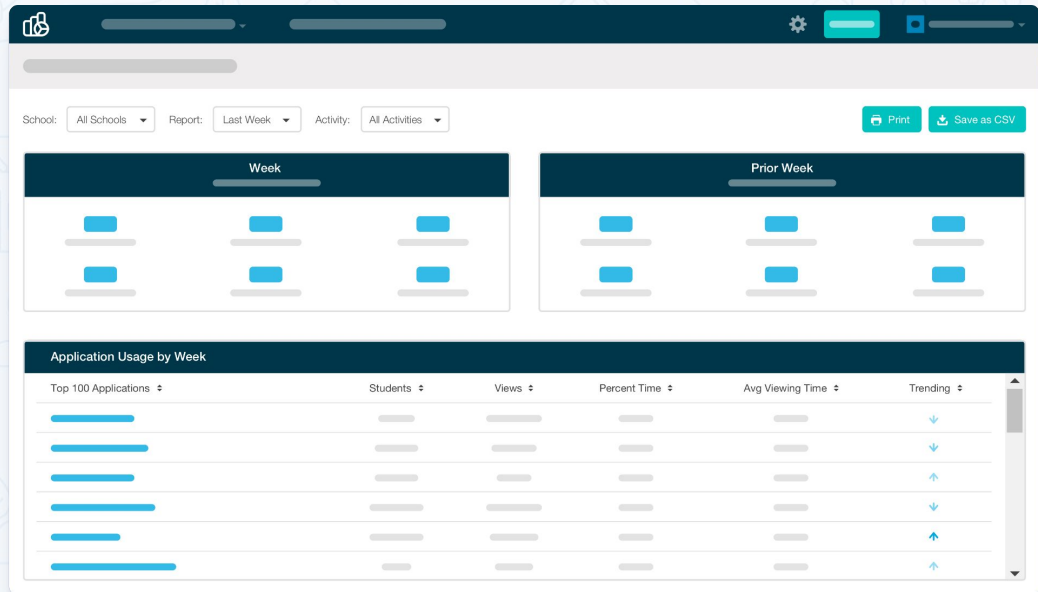

View automatically updated data on the applications and websites that your students are using.

Aggregate all of your data into one interface

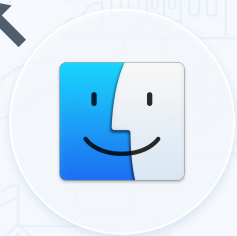

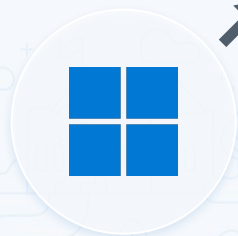

Understand daily and hourly usage trends, as well as trends over time with detailed usage analytics — all on a single dashboard.

Support all devices and platforms

Collect data from Chromebook, PC, and Mac devices and in mixed environments.

Integrate seamlessly with SIS

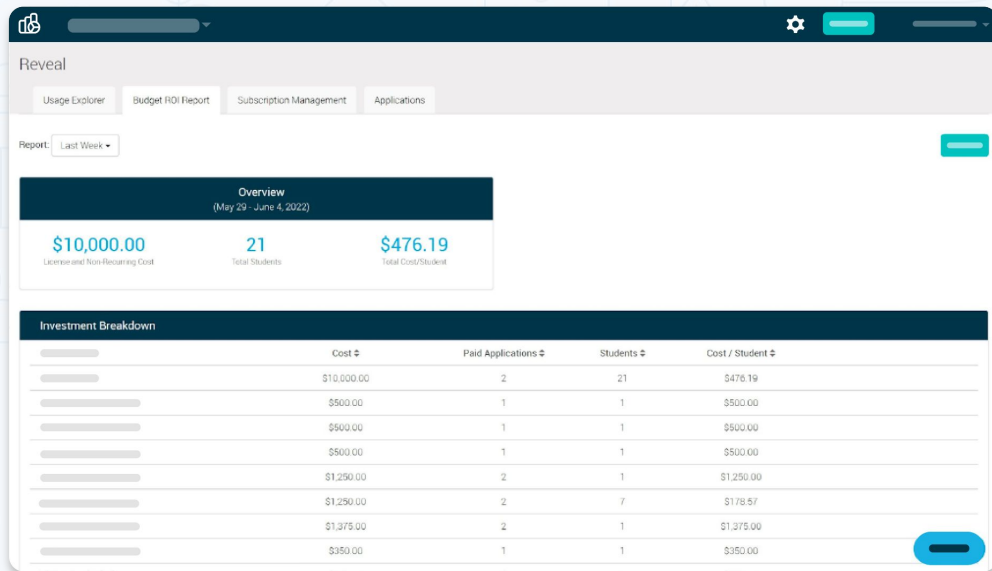

Streamline implementation and ensure accurate class rostering by integrating directly with popular student information systems (SIS).

View detailed budget and usage reports

Make smarter budgetary decisions with easy to set up ROI reports

How the Securly platform helps schools support **whole-student success**

Safety

aware
Safeguard students against self-harm, suicide, bullying, and violence.

filter
Deliver a safer, more educational web anywhere and on any device.

visitor
Streamline guest check-in, validate identities, and keep your campus safe.

Wellness

aware
Know which students are struggling with evidence-based wellness level monitoring, provide proactive interventions, and manage cases efficiently.

24
Gain human-supported analysis of flagged activity notifications round the clock and escalated response.

Get innovative curriculum, life-saving visibility, and paradigm-shifting data all in one simple package. ***The newest member of the Securly family!***

Engagement

classroom
Engage every student and lead class with confidence.

home
Give parents/caregivers more control and opportunities to get involved in their kids' learning.

Technology

MDM
Manage iPads and other Apple devices from the cloud.

reveal
Uncover student app usage insights to make smarter edtech decisions.

Thank you!
